To: The Commission

**EIBASS Supports the Joint Motion for Additional Time**

Engineers for the Integrity of Broadcast Auxiliary Services Spectrum (EIBASS) supports the November 8, 2012, *Joint Motion for Extension of Time to File Comments* filed by Audio-Technica U.S., Inc. (Audio-Technica), ESPN, Inc. (ESPN), the National Football League (NFL), Robert Bosch LLC (Bosch), Sennheiser Electronic Corporation (Sennheiser), Shure Incorporated (Shure) and the Society of Broadcast Engineers, Inc. (SBE). That *Joint Motion* requested that the deadline for “refresh the record” comments be extended from November 21, 2012, to December 21, 2012. This would synchronize the comment deadline with the General Docket 12-278 (Incentive Auctions) proceeding. Given the linkage between wireless microphones on VHF and UHF television channels and the Incentive Auctions rulemaking, proposing to refarm and compress the UHF TV band, synchronizing the comment deadlines is a logical request. EIBASS therefore urges the Commission to extend the comment deadline to December 21, 2012, and extend the reply comment deadline to February 19, 2013.

Respectfully submitted,
